- Completing variant changeovers as directed by the production planner
- Set-up and maintenance of Welding fixtures, Poke Yoke Systems, Laser welding process monitoring system (4D) and Vision detection software (VMT)
- Adjustment of the welding process through modification to the robot coordinates
- Completion of process audit on a daily basis

Your Profile

- Manufacturing/Welding Certificate (min 2 Years) with focus on robotic welding processes
- 2 Years related work experience
- Ability to read and interpret product prints, dimensional reports (GD & T)
- Robotic experience
- Manual welding applications
- Excellent Mechanical and Electrical troubleshooting skills

Brose offers a high-tech work environment and a wide range of benefits. Along with competitive performance-based compensation and health insurance, our employees also benefit from attractive social and family-oriented programs throughout our North American locations*. Our benefits packages include comprehensive medical, insurance and retirement plans. Brose also provides educational assistance and a variety of community outreach, family, and sporting events. Flexible working hours and a collaborative work environment give our employees the freedom to balance work and personal life. Brose believes in investing in people. We offer a wide range of development programs with great opportunity for individual growth through training, international or regional assignments and tailored career paths. Our objective is to provide our employees the tools necessary to live a balanced life, experience a rewarding work environment and contribute to our surrounding communities.

*Benefits package may vary slightly per location

Brose is the world's fourth-largest family-owned automotive supplier. Our mechatronic systems for doors, seats or electric motors and drives can be found in every second new vehicle around the world today.

Over 80 manufacturers and 40 suppliers rely on our efficiency and performance. About 26,000 employees at 63 locations in 23 countries guarantee quality and innovation.
