

Rožnov pod Radhoštěm

Praktikum FMEA analysis (m/w)

Brose CZ is the biggest production plant of the Brose Group. Over 3000 employees are working in three different locations - Ostrava, Koprivnice and Rožnov. Production is located in Rožnov (business division doors) and Koprivnice (Business division seats and motors). Besides production, there are shared services, IT, purchasing, controlling and customer teams including development, testing and project management in the Czech Republic. These functions are working for not only Brose Czech Republic but supporting the Brose Group worldwide as well.

Brose ist der weltweit viertgrößte Automobilzulieferer in Familienbesitz. In jedem zweiten Neuwagen sind unsere mechatronischen Systeme für Türen, Sitze oder Elektromotoren im Einsatz. Rund 80 Hersteller, über 40 Zulieferer und 50 E-Bike-Hersteller vertrauen unserer Leistungskraft. 2019 erwirtschafteten rund 25.000 Mitarbeiter an 65 Standorten in 24 Ländern einen Umsatz von 6,2 Milliarden Euro.
