

Belgrade

Electronics Quality Engineer & ESD Coordinator (m/f/d)

As a successful family-owned company on a path to global growth, the Brose Group offers challenging responsibilities and exciting career opportunities to performance-driven, skilled specialists with solid professional knowledge and proven career expertise who wish to contribute to our company's success.

Your Job Specification

- Ensure active communication with the customer in order to record the current quality level, for example, by observing the data in the customer portals
- Early recognition and self-dependent assessment of quality problems (external/internal) based on experience, product knowledge and systematic use of common quality tools, including assessment of damage risk and triggering of escalation process
- Root cause analysis (0 km and field) based on the Brose problem solving process (moderating and coordinating the problem-solving team) with the agreement by the customer
- Creation of predefined quality documents (e.g. 8D reports, PDCA documentation, quality notifications SAP, product history, 4-field sheet, assembly sampling, quality round protocols)
- Coordination of all ESD measures in the plant via generation and following up of audit plan. All measures lead to certification according to current valid standard

Your Profile

- University Degree in Electrical Engineering/Mechatronic or experience with electrical background
- Relevant working experience in quality is must
- Experience with electronic quality tools
- Automotive industry experience a plus
- Knowledge of ESD protection systems
- Fluency in English and Serbian

Your advantages:

A modern working environment and a wide range of benefits. We also offer performance-based compensation and attractive social and additional benefits. Modern workplace concepts, comprehensive training opportunities make the offer complete.

Brose is the world's fourth-largest family-owned automotive supplier. Our mechatronic systems for doors, seats or electric motors and drives can be found in every second new vehicle around the world today. Around 80 automobile manufacturers, over 40 suppliers and 50 e-bike manufacturers rely on our efficiency and performance. About 25,000 employees work for Brose at 65 locations in 24 countries and generated 6.2 billion euros turnover in 2019.
