

Training Team News

Did You Know? Brose North America Locations had the highest amount of internal training hours and participants in the entire Brose Group for 2019!

Hello Brose Learners,

Many of you have already started learning on your own and taking advantage of free courses online. Please make sure to report your training hours and send any certifications to the training team. There are many vendors offering free courses until the end of June 2020. Help us in reporting our wins and increasing our Training KPIs for 2020! Find below links to free online learnings.

AIAG eLearnings

You can use the menu at the top to narrow down by Quality, Supply Chain, or Corporate Responsibility, or search demand webcast offerings.
