

Kopřivnice

Internship - Production Technology in Technology Lead Plant

Brose CZ is the biggest production plant of the Brose Group. Over 3000 employees are working in three different locations - Ostrava, Kopřivnice and Roznov. Production is located in Roznov (business division doors) and Kopřivnice (Business division seats and motors). Besides production, there are shared services, IT, purchasing, controlling and customer teams including development, testing and project management in the Czech Republic. These functions are working for not only Brose Czech Republic but supporting the Brose Group worldwide as well.

Your tasks

- Independent work on tasks in the implementation of projects
- Support in optimizing logistics and production processes
- Possibly takeover of organizational tasks in project planning of new equipment as well as production ramp ups
- Definition and realization of optimization measures in production teams
- Preparing of management reports and presentations for the Operations Director

Your profile

- Study of Industrial Engineering, Mechanical Engineering, Production Technology or similar disciplines with respective areas of specialization
- Good MS Office Skills
- Brose experience desirable / fluent in English

We offer

Beside the integration as a full-fledged team member and work in a modern work environment, we offer you a monthly payment of 17.000CZK/month for your internship and thesis.

In addition Brose Czech republic will arrange and pay for your accommodation, if you don't receive Erasmus support. Furthermore, an additional onetime-payment for your travel expenses will be transferred to your account. The amount of money is not so high, nevertheless the difference in the general living expenses should be considered.

About Brose

Brose is the world's fourth-largest family-owned automotive supplier. The company develops and produces mechatronic systems for vehicle doors and seats as well as electric motors, drives and electronics, among others for steering, brakes, transmissions and engine cooling. Approximately 25,000 employees at 65 locations in 24 countries generate turnover of 6.2 billion euros. Worldwide, every second new vehicle is equipped with at least one Brose product.
