

New Boston

PS/CSS Lean Coordinator

As a successful family-owned company on a path to global growth, the Brose Group offers challenging responsibilities and exciting career opportunities to performance-driven, skilled specialists with solid professional knowledge and proven career expertise who wish to contribute to our company's success.

Your Job Specification

- Identify improvement opportunities and facilitate improvement activities
- Train plant teams in BPS based on standardized trainings
- Consolidate plant practices as input to regional BPS strategy
- Implement BPS project organization, support and follow up of activities linked to the BPS assessment
- Prepare plant's BPS assessment. Attend external BPS assessment as observer
- Schedule and perform specific CSS application trainings and workshops for team members and management team observer
- Track and drive plant specific BPS projects

Your Profile

- Bachelor's degree in engineering from a four-year college or university and three to five years related experience or equivalent combination of education and experience
- Minimum three years experience in manufacturing preferable in the automotive industry

Brose offers a high-tech work environment and a wide range of benefits. Along with competitive performance-based compensation and health insurance, our employees also benefit from attractive social and family-oriented programs throughout our North American locations*. Our benefits packages include comprehensive medical, insurance and retirement plans. Brose also provides educational assistance and a variety of community outreach, family, and sporting events. Flexible working hours and a collaborative work environment give our employees the freedom to balance work and personal life. Brose believes in investing in people. We offer a wide range of development programs with great opportunity for individual growth through training, international or regional assignments and tailored career paths. Our objective is to provide our employees the tools necessary to live a balanced life, experience a rewarding work environment and contribute to our surrounding communities.

*Benefits package may vary slightly per location
