

Belvidere

Industrial Engineer

As a successful family-owned company on a path to global growth, the Brose Group offers challenging responsibilities and exciting career opportunities to performance-driven, skilled specialists with solid professional knowledge and proven career expertise who wish to contribute to our company's success.

Your Job Specification

- Analyzes production specifications and plant capacity data and performs mathematical calculations to determine manufacturing processes, tools, and human resource requirements.
- Support special assembly progress for launch, PPAP, Prototype, Run at Rate.
- Conduct ergonomic assessment and optimize equipment and/or process to brose standard.
- Use SAP based engineering change process, managing BOM's and Routing.
- Optimize assembly process in support of ratio improvement target.

Your Profile

- Bachelor's degree in Mechanical or Industrial Engineering required.
- Master's Degree Preferred.
- At least 3 years of experience in production planning within the manufacturing industry and mass production with emphasis on assembly, logistics and quality.

Brose offers a high-tech work environment and a wide range of benefits. Along with competitive performance-based compensation and health insurance, our employees also benefit from attractive social and family-oriented programs throughout our North American locations*. Our benefits packages include comprehensive medical, insurance and retirement plans. Brose also provides educational assistance and a variety of community outreach, family, and sporting events. Flexible working hours and a collaborative work environment give our employees the freedom to balance work and personal life. Brose believes in investing in people. We offer a wide range of development programs with great opportunity for individual growth through training, international or regional assignments and tailored career paths. Our objective is to provide our employees the tools necessary to live a balanced life, experience a rewarding work environment and contribute to our surrounding communities.

*Benefits package may vary slightly per location
