Production Quality Engineer

As a successful family-owned company on a path to global growth, the Brose Group offers challenging responsibilities and exciting career opportunities to performance-driven, skilled specialists with solid professional knowledge and proven career expertise who wish to contribute to our company's success.

Your Job Specification

- Establish internal and external process for reaction to a quality concern at the customer
- Moderation of the problem solving process (8D, PMP, TOP-Q, SAP-QM) and implementation of corrective actions/tracking
- Follow up of the customer satisfaction KPI: ppm, incidents, portal status and response time, NRFT
- Involvement in process change procedure (ensure that this process is quality driven and follows TS specifications and external communication of the breakpoint)
- Carry out ongoing scrap analysis and scrap reduction activities (PFM level 2, 3 meetings)

Your Profile

- Minimum of 5 years professional experience in quality, ideally at least 3 years in a manufacturing quality related position in the automotive industry
- College degree in Quality Assurance or equivalent professional experience.
- Problem Solving
- Statistical Methods
- PAPP
- SAP Knowledge preferred

Brose offers a high-tech work environment and a wide range of benefits. Along with competitive performance-based compensation and health insurance, our employees also benefit from attractive social and family-oriented programs throughout our North American locations*. Our benefits packages include comprehensive medical, insurance and retirement plans. Brose also provides educational assistance and a variety of community outreach, family, and sporting events. Flexible working hours and a collaborative work environment give our employees the freedom to balance work and personal life. Brose believes in investing in people. We offer a wide range of development programs with great opportunity for individual growth through training, international or regional assignments and tailored career paths. Our objective is to provide our employees the tools necessary to live a balanced life, experience a rewarding work environment and contribute to our surrounding communities.

*Benefits package may vary slightly per location

About Brose

Brose is the world's fourth-largest family-owned automotive supplier. The company develops and produces mechatronic systems for vehicle doors and seats as well as electric motors, drives and electronics, among others for steering, brakes, transmissions and engine cooling. Approximately 25,000 employees at 65 locations in 24 countries generate turnover of 6.2 billion euros. Worldwide, every second new vehicle is equipped with at least one Brose product.
